Effective against ants, cockroaches, silverfish, spiders, earwigs, sowbugs, crickets, certain leaf beetles, boxelder bugs, fleas, bed bugs, chewing and sucking insects such as leaf hoppers, exposed thrips and certain aphids in gardens and houses.

**DIRECTIONS FOR USE :**

**DIRECTIONS FOR HOUSES:**

Lightly coat the areas where the insects crawl and hide such as cracks and crevices, underneath built-ins, around pipes and drains, in storage cabinets, behind medicine cabinets, in electrical outlet boxes, garbage cans and in attics and basements. Repeat as necessary, probably once a month. Contact insects directly with the dust when possible. Do not dust pets. Bed bugs: dust thoroughly both sides of mattresses and beds. Fleas: thoroughly dust sleeping quarters of pets and floors.

**DIRECTIONS FOR GARDENS**

**(Ornamental and flower gardens):** Lightly apply the insecticide dust when plants are dew covered or previously moistened with a spray of water. Coat both upper and lower surfaces of leaves. Repeat weekly. For the protection of bees, early or late dusting hours (while blossoms are closed) are recommended. For best results, apply in evening or cloudy day when air is still. Do not apply in direct sunlight or when temperature exceeds 32° C. Contact insects directly with the dust.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Cover or remove foodstuffs, utensils and aquariums from room being dusted. Avoid inhalation as product contains diatomaceous earth (silicone dioxide) a very fine powder. Use with adequate ventilation. Do not use as a general spray.

**FIRST AID:** If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If accidentally swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION :** Treat symptomatically.

**DISPOSAL:** Do not re-use empty container. Wrap and dispose of empty container in household garbage.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
