

# SAFETY DATA SHEET

## Section 1 – Identification of the Substance/Mixture and of the Company/Undertaking

### 1.1 Product identifier

Product Name: ONGUARD PROFESSIONAL P-22-RTU  
PMRA Registration No.: 31102  
Product Description: PMRA Registered Pesticide

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified use(s): Use product for its intended purpose as pesticide. See label.

### 1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier: Name: OnGuard Canadian Products a Trade Name of Ur-Can Inc.

Address: P.O. 20069 BRANT HILLS, BURLINGTON,  
ONTARIO, L7P 0A4 • 1-888-484-3213

Website: www.urcan.ca

### 1.4 Emergency telephone number

Emergency Telephone: CHEMTREC: +1 (800) 424-9300 (within the US) or +1 (703) 527-3887 (outside the US)

### 2.1. Classification of the substance or mixture

According to: UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

| Health | Environmental | Physical |
|--------|---------------|----------|
| None   | None          | None     |

### 2.2. Label elements

Label Pictogram: Not applicable

Signal Word: Not Applicable

Hazard statement(s): Not Applicable

Precautionary statement(s): Not Applicable

### 2.3. Other hazards

- This product is not considered a hazardous mixture under Canada's Workplace Hazardous Materials Information System (WHMIS) 2015 legislation.

Mixture

| <u>Chemical Name</u> | <u>CAS No.</u> | <u>% Weight*</u> |
|----------------------|----------------|------------------|
| Deionized water      | 7732-18-5      | 96.75            |
| EVERCIDE® 2132       | Mixture        | 2.25             |
| Tetramethrin         | 7696-12-0      | 8.9              |
| Permethrin           | 52645-53-1     | 8.9              |
| MGK® 2773            | Not available  | 0.5              |
| Tween 80             | 9005-65-6      | 0.2              |
| d-limonene           | 5989-27-5      | 0.1              |
| Proxel® GXL Biocide  | Mixture        | 0.1              |

\*May contain ingredients not listed in the table that are non-hazardous and/or present at <0.1%

#### 4.1 Description of first aid measures

**Eye contact:** Remove contact lenses, if worn, and flush with plenty of water for at least 15 minutes. Seek medical attention if symptoms occur and persist.

**Skin contact:** If on skin or hair take off immediately all contaminated clothing. Discard contaminated clothing or wash it before reuse. Rinse skin with water (or shower). Seek medical attention if symptoms occur and persist.

**Inhalation:** Immediately remove person to fresh air and keep comfortable for breathing. If not breathing or breathing is irregular, give artificial respiration or oxygen. Seek medical advice/attention if you feel unwell.

**Ingestion:** Do not induce vomiting. Never give anything by mouth to an unconscious person. Do NOT induce vomiting. Seek medical advice/attention if you feel unwell.

#### 4.2 Most important symptoms and effects, both acute and delayed

- Treat symptomatically. Refer to Section 11 - Toxicological Information.

#### 4.3 Indication of any immediate medical attention and special treatment needed

- None known

#### 5.1 Extinguishing media

**Suitable Extinguishing Media:** Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

**Unsuitable Extinguishing Media:** Do not use water jet as this may spread the fire.

#### 5.2 Special hazards arising from the substance or mixture

**Unusual Fire and Explosion Hazards:** Closed containers may rupture if exposed to excess heat or flame due to a build-up of internal pressure. Decomposition products of combustion may include but are not limited to: carbon dioxide, carbon monoxide, nitrogen oxides, and other hazardous gases. See also Section 10 - Stability and Reactivity.

#### 5.3 Advice for firefighters

- Firefighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode. Use standard firefighting procedures and consider the hazards of other materials involved in the fire. Evacuate personnel to safe areas. Move containers from fire

## 6.1 Personal precautions, protective equipment (PPE) and emergency procedures

**Personal Precautions:** Observe PPE advice in Section 8 – Exposure Controls/Personal Protection

**Emergency Procedures:** Not available

## 6.2 Environmental precautions:

- Avoid dispersal of spilled material. Collect spillage. Prevent entry and contact with soil, drains, sewers, and waterways. Inform relevant local/regional/national/international authorities.

## 6.3 Methods and material for containment and cleaning up

**Containment/Clean-up Measures:** Contain spill if safe to do so. Ventilate the area. Do not let waste enter the environment. Contain and absorb spilled liquid with non-combustible, inert absorbent material (e.g. sand), then place absorbent material into a container for later disposal. Dispose of contents/container in accordance with

## 6.4 Reference to other sections

- Refer to Section 8 - Exposure Controls/Personal Protection and Section 13 – Disposal Considerations.

## 7.1 Precautions for safe handling

- Use in a well-ventilated location. Do not eat, drink, or smoke when handling this product. Do not get in eyes, skin, or on clothing. Wash hands/skin thoroughly after handling.
- Refer to Section 8.3 - Exposure Controls/Personal Protection

## 7.2 Conditions for safe storage, including any incompatibilities Storage

## 7.3 Specific end use(s)

- Refer to Section 1.2 - Relevant identified uses.

## 8.1 Control Parameters:

Not available

## 8.2 Exposure Controls:

### Appropriate engineering controls

- Provide exhaust ventilation or other engineering controls to limit airborne concentration of vapours. An eyewash station and safety shower should be made available in the immediate working area. Use explosion-proof electrical and ventilating equipment.

## 8.3 Personal Protective Equipment

**Respiratory:** Maintain airborne contaminant concentrations below guidelines listed above, if applicable. If necessary, use a NIOSH/MSHA approved respirator and filter cartridge authorized by regulatory standards.

**Eyes/Face:** Wear eye/face protection. Wear safety glasses with side shields. If necessary, refer to appropriate regulatory standards.

**Hands/Skin:** Wear protective gloves. The suitability for a specific workplace should be discussed with the producers of the protective gloves.

**Body:** Wear protective clothing to prevent skin contact, such as coveralls or long-sleeved shirt, long pants, and shoes and socks.

**Thermal Hazards:** None known

**Environmental Exposure Controls:** Not available

## 9.1 Information on basic physical and chemical properties

Appearance: Liquid

Color: Not available

Odor: Not available

Odor threshold: Not available

pH: Not available

Melting point: Not available

Boiling point: Not available

Flashpoint: Not available

Evaporation rate: Not available

Flammability: Not available

Upper/lower flammability limits: Not available

Vapor pressure: Not available

Vapor density: Not available

Relative density: Not available

Solubility in water: Not available

Solubility in other solvents: Not available

Partition coefficient (log Kow): Not available

Auto-ignition temperature: Not available

Decomposition temperature: Not available

Viscosity: Not available

Explosive properties: Not available

Oxidizing properties: Not available

## 9.2 Other information

No further information available

## 10.1 Reactivity

- This product is stable and non-reactive under normal handling and storage conditions.

## 10.2 Chemical stability

- This product is stable under normal handling and storage conditions.

## 10.3 Possibility of hazardous reactions

- Hazardous polymerization does not occur

## 10.4 Conditions to avoid

- Ensure adequate ventilation, especially in confined areas. Avoid contact with incompatible materials.

- Strong acids and bases, oxidizing agents, reducing agents.

## 10.6 Hazardous decomposition products

- Carbon dioxide, carbon monoxide, nitrogen oxides, and other hazardous gases.

**Likely routes of exposure:** Skin and eye contact

**Potential signs and symptoms:** None known (none expected)

|  |   |
|--|---|
| <b>Acute oral toxicity:</b>                              | Based on available data the classification criteria are not met   |
| <b>Acute dermal toxicity:</b>                            | Based on available data the classification criteria are not met   |
| <b>Acute inhalation toxicity:</b>                        | Based on available data the classification criteria are not met   |
| <b>Skin corrosion/irritation:</b>                        | Based on available data the classification criteria are not met   |
| <b>Serious eye damage/irritation:</b>                    | Based on available data the classification criteria are not met   |
| <b>Respiratory or skin sensitization:</b>                | Based on available data the classification criteria are not met   |
| <b>Mutagenicity:</b>                                     | Based on available data the classification criteria are not met   |
| <b>Carcinogenicity:</b>                                  | No components in this product are classified with respect to carcinogenicity by the IARC, NTP, and ACGIH. |
| <b>Reproductive Toxicity:</b>                            | Based on available data the classification criteria are not met   |
| <b>Specific target organ toxicity (single exposure):</b> | Based on available data the classification criteria are not met   |

(repeated exposure):

**Aspiration hazard:** Based on available data the classification criteria are not met

## 12.1 Toxicity

- This product is not considered toxic to aquatic organisms. The primary component is water; all other components are present at less than 1%.

## 12.2 Persistence and degradability

- No data available

## 12.3 Bioaccumulative potential

- No data available

## 12.4 Mobility in Soil

- No data available

- No data available

## 12.6 Other adverse effects

- No further data available

## 13.1 Waste treatment methods

accordance with local, regional, national, and/or international regulations. See also Section 7.

## 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

### United States

#### **Federal Regulations:**

#### **Comprehensive Environmental Response and Liability Act of 1980 (CERCLA):**

No components in this product are listed under CERCLA.

**Clean Water Act (CWA):** No components in this product are listed as toxic pollutants.

**Clean Air Act (CAA):** No components in this product are listed as hazardous air pollutants.

#### **Superfund Amendments and Reauthorization Act (SARA) Title III Information:**

**SARA 302 Components:** No components in this product are subject to reporting requirements of S.302.

**SARA 311/312 Hazards:** None

**SARA 313 Components:** This product contains tetramethrin (listed as 2,2-Dimethyl-3-(2-methyl-1-propenyl)cyclopropanecarboxylic acid (1,3,4,5,6,7-hexahydro-1,3-dioxo-2H-isoindol-2-yl)methyl ester; CAS No. 7696-12-0) and permethrin (CAS No. 52645-53-1) which are subject to reporting level established by S313. No other components in this product are subject.

**Toxic Substances Control Act (TSCA):** This product contains Tween 80 (CAS No. 9005-65-6), d-limonene (CAS No. 5989-27-5), and lemongrass oil (CAS No. 8007-02-1) which are listed on the non-confidential TSCA inventory. Proxel® GXL Biocide is a mixture and is not specifically listed on the non-confidential TSCA inventory. Tetramethrin (CAS No. 7696-12-0) and permethrin (CAS No. 52645-53-1) are not listed on the non-confidential TSCA inventory.

#### **State Regulations:**

**California:** No components in this product are listed under Proposition 65 (CA Health & Safety Code Section 25249.5).

**Massachusetts:** This product contains permethrin (CAS No. 52645-53-1) which is listed under the Right to Know Act (RTK). No other components are listed under the RTK.

**New Jersey:** This product contains tetramethrin (CAS No. 7696-12-0) and permethrin (CAS No. 52645-53-1) which are listed under the RTK. No other components in this product are listed under the RTK.

**Pennsylvania:** No components in this product are listed under the RTK.

### Canada

**Canadian Environmental Protection Act (CEPA):** No components in this product are listed on the Priority Substances List. This product contains Tween 80 (CAS No. 9005-65-6), d-limonene (CAS No. 5989-27-5), and lemongrass oil (CAS No. 8007-02-1) which are listed on the Domestic Substances List (DSL). No other components were found on either list.

**National Pollutant Release Inventory (NPRI):** This product contains d-limonene (CAS No. 5989-27-5) which is subject

to reporting requirements. No other components in this product are subject to reporting requirements.

**International:**

**IARC:** Permethrin (CAS No. 52645-53-1) and d-limonene (CAS No. 5989-27-5) are classified as Group 3 (not classifiable as to its carcinogenicity to humans). No other components in this product are classified with respect to potential carcinogenicity.

**15.2 Chemical Safety Assessment**

- Not available for the components in this product

**List of acronyms and abbreviations**
