GENERAL INFORMATION

A temporary garlic odour may be noticeable in the treated area following application

DIRECTIONS FOR USE: 900 mL covers up to 26 m² (280 sq. ft.). Spray until run-off. For best results spray in early morning or early evening when wind is down. Spray under the leaves of bushes, trees, hedges and shrubs, gardens, grass, buildings, walls, structures and under decks. Reapply when mosquitoes return or after heavy rain. **DO NOT APPLY TO PETS.** Pet hair which contacts treated surface may have an odour for a few days. Garlic oil may cause marking of some plants or surfaces. Apply to small area or individual plants to determine compatibility.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

Do not swallow. Avoid getting on skin and in eyes. May cause skin and eye irritation. Avoid inhaling/breathing mist or vapours. Potential skin sensitizer. Apply only when the potential for drift is minimal. Individuals who are sensitive or allergic to garlic should avoid handling Mosquito-Less Ready-to-Use. Individuals who are sensitive or allergic to garlic should avoid treated areas until dry or after a heavy rain.

FIRST AID

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically.

STORAGE

To prevent contamination store this product in a heated ventilated area away from food or feed. Prevent from freezing.

DISPOSAL
