REGISTRATION No. 18074 PEST CONTROL PRODUCTS ACT

1 Litre

DIRECTIONS FOR USE

FLYING INSECTS: Flies, mosquitoes, wasps, gnats, hornets and flying moths. Close doors and windows. Direct mist upwards to all parts of the room especially windows and other light sources, using a sprayer, such as U.L.V. equipment, which produces a fine mist. Use 200-300 mL of solution/100m³. Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1 metre from interior walls, fabrics and furniture. Ensure proper ventilation after sealed areas have been treated and clean up dead insects.

CRAWLING INSECTS: Cockroaches, spiders, crickets, ants, silverfish, box elder bugs and clover mites. Spray hiding places such as baseboards, moist areas, openings around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails around door sills, windows frames or in ant nests. Insects must be contacted by spray to be killed.

Bed bugs: Spray mattress, particularly around seams and tufts. Take bed apart, spray all joints. Repeat as required. Ensure proper ventilation after sealed areas have been treated and clean up dead insects.

PRECAUTIONS: Keep out of reach of children. Cover aquariums and remove pets for one hour when spraying rooms. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after using. Keep from freezing.

FIRST AID: If in eyes hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If accidentally swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL: When container is empty, press valve to release all remaining pressure. Do not re-use empty container. Wrap and discard empty container in household garbage.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.□□
