

# REMOVE CUSTOMERS ODORS EVERY TIME WITH EARTH CARE PRODUCTS Odor Remover "BAG"

## ODOR REMOVER

EARTH CARE's Odor Remover "BAG" uses a blend of natural minerals in a proprietary process to attract and remove all types of odor and smoke molecules. It is ideal for removing dead rodent odor and works even if the dead carcass is not removed. Its content is non-flammable, non-toxic, safe around children, pets, and mother earth. It is easy to use, lasts an average of 3-4 months, & contains no chemicals, toxins or fragrances. Earth Care does not mask odors it removes them.

EARTH CARE's BAG can take from one hour to several days to work, but it is more effective than other products since it removes odors versus masking them. It is simple to use and cost effective.

## ACTION TO TAKE FOR ALL ODOR PROBLEMS:

- Remove clear plastic wrap from BAG.
- Place BAG in area odor is strongest.
- Best Performance: Limit coverage of one BAG to a single room up to 100 square feet.

Odors usually are adsorbed within 1-24 hours  
BAG lasts an average of 3-4 months.

## HOW TO ELIMINATE DEAD ANIMAL & RELATED URINE/FECES ODORS

To remove odor from dead animal carcasses and remaining urine/feces odors take the following steps.

Note: It is not necessary to remove dead carcass to remove the odor. More BAGs = better faster results

- Place a BAG in room if animal is in a wall. (e.g., dead rodent, cat, etc.) One BAG per every 100 square feet.
- If dead animal is in attic or crawl space place one BAG in that area as well.
- BAG will outlast odor from carcass and handle any urine or feces odors that may exist from any previously infested areas.

## HOW TO ELIMINATE DUMPSTER ROOM ODORS

Hang two bags for every dumpster in dumpster room.
