PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN.

FOR OUTDOOR USE ONLY. Avoid direct application to ponds, streams and lakes. DO NOT apply to surfaces that may come into contact with food/feed.

Wear a long-sleeved shirt, long pants, chemical-resistant gloves, socks and shoes during application, clean-up and repair.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

FIRST AID:

If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Store in a cool dry place. Keep container closed.

DISPOSAL:

1. Triple- or pressure-rinse the empty container.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product contact the manufacturer or provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

PESTS

SCORPIO Ant Granule will kill ants.

USE SITES AND DIRECTIONS FOR USE

FOR OUTDOOR USE ONLY

DO NOT apply when people or pets are present.

OUTDOOR AREAS: landscaped areas, ornamental gardens, turf (such as lawns, athletic fields, recreational areas, golf courses, commercial turf, sod, and grass buffers), non-crop areas (such as parks, playgrounds, cemeteries, picnic areas, roadsides, campgrounds, industrial sites, fallow land), decks, patios, balconies, pathways, sidewalks, driveways, right-of-ways; on ground around residential, institutional, commercial and industrial structures.

Apply in areas that are protected from direct sunlight, if possible. Repeat treatments as necessary. For heavy infestations use the higher rate as listed in the instructions for specific application methods.

Outdoor Perimeter Treatment: Scatter granules at a rate of 10-15 g/m² in a 30 cm wide band around the foundations of structures. Apply in early morning.

Broadcast Treatment: Scatter granules at a rate of 10-15 g/m² on ant runs, around nests, hills, mounds and other ant-frequented areas. Apply in early morning.

Drench application to ant nests: Dissolve 20-50 g of granules in 1 L water and apply to a 1 m² area around ant nest entrances. This method of treatment is most effective in the evening or early morning when ants are in the nest.

Optional statements:

-PCO (Pest Control Operator)

-For PCO use

-Kills (foraging ants), (sweet-feeding ants), (pavement ants), (moisture ants), (little black ants), (argentine ants), (acrobat ants), (cornfield ants), (field ants), (ghost ants), (odorous house ants), (thief ants), (Harvester ants), (Fire ants), (Pharaoh ants), and other common ants
