

Bird Barrier Bond is a premium formula, multi-purpose adhesive and sealant that bonds to metal, wood, plastic, tile, fiberglass, concrete, rubber, canvas, leather, vinyl and fabric.*

*Prior testing required

For use installing Bird Barrier Products, and many other applications.

Bird Barrier Bond

KEEP OUT OF REACH OF CHILDREN

WARNING: SKIN, EYE AND THROAT IRRITANT. HARMFUL IF SWALLOWED. SEE ADDITIONAL CAUTIONS ON BACK.

Bird Barrier Bond is a UV stable adhesive/sealant with a high initial tack; it provides significant grab in 30 minutes. Full cure is 24-48 hours, but faster when pressed into a thin application. Excellent for clean porous and non porous surfaces. It can be used for high strength bonding of a wide range of applications. When cured, the Bond is a flexible, elastic rubber that won't crack or break. Bird Barrier Bond cures by drawing moisture from the atmosphere so it is "green", it is free of isocyanates, solvents, halogens and acids. VOC Compliant.

DIRECTIONS

1. Surface must be clean, dry and free of dirt.
2. Cut end of nozzle to desired opening size. Puncture foil seal and use a caulking gun dispenser to apply the adhesive. Apply as per Bird Barrier's recommendations (see photos to the right). Press the product firmly to the surface.
3. Recommended application temperature is between 40°F and 90°F. Cure time increases in lower temperatures. The bond will provide significant "grab" in 30 minutes. Complete cure requires 24-48 hours.

Clean-Up: Use a wet, soapy sponge or cloth to clean up uncured adhesive. Cured material may be removed by cutting or scraping.

Application Pattern and Yield Per Tube

250 Bird-Coil Clips

125 Birdwire Bases

35 ft. of Bird-Flite

35 PVC Bases

35 ft. of Bird-Shock

35 ft. of Dura-Spike

25 ft. of BirdSlide

WARNING - Causes serious eye irritation. May cause allergic skin reaction. Wear eye protection/face protection. Avoid breathing vapours. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing if eye irritation persists. Get medical advice/attention. IF ON SKIN: Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/attention. Wash contaminated clothing before reuse. Dispose of contents/container in accordance with local/regional/national/international regulations. FOR PROFESSIONAL USE ONLY. KEEP OUT OF REACH OF CHILDREN.

ATENCIÓN - Provoca irritación ocular grave. Puede provocar una reacción alérgica cutánea. Llevar gafas/máscara de protección. Evitar respirar los vapores. Lavarse concienzudamente tras la manipulación. Las prendas de trabajo contaminadas no podrán sacarse del lugar de trabajo. Llevar guantes de protección. EN CASO DE CONTACTO CON LOS OJOS: Aclarar cuidadosamente con agua durante varios minutos. Quitar las lentes de contacto, si lleva y resulta fácil. Seguir aclarando. Si persiste la irritación ocular: Consultar a un médico. EN CASO DE CONTACTO CON LA PIEL: Lavar con abundante agua y jabón. En caso de irritación o erupción cutánea: Consultar a un médico. Lavar las prendas contaminadas antes de volver a usarlas. Se necesita un tratamiento específico. Eliminar el contenido/el recipiente de conformidad con la normativa local, regional, nacional o internacional. SÓLO PARA USO PROFESIONAL. MANTENER FUERA DEL ALCANCE DE NIÑOS.
